F-16 Stores Management System

Enhanced/Advanced Central Interface Unit
BLKS 40, 50 and Current

P/N	NSN
16E10080-829, -827, -825	Classified
16E10080-817	1290-01-376-5449
16E10080-811	1290-01-322-3711
16E10080-809, -807, -805	1290-01-297-8068
(ACIU) BLKS 25, 30 & 32	
16E1535-839	1290-01-366-5639
16E1535-837	1290-01-227-9260
16E1535-835, -827, -819, -817	1290-01-148-6286
16E1535-813, -805	1290-01-148-6286

- Controls the operation of the SMS and provides fault-tolerant processing capabilities
- Functions as a digital and discrete interface terminal/controller
- Directs remote interface units to transmit control signals to the store and in turn receives updated store status from the remote units

Elbit Systems of America

F-16 Stores Management System

Jettison Release Remote Interface Unit

P/N	NSN
16E1606-831	5998-01-080-3978

- All BLOCKS
- Description: terminal of the SMS controlled by the ECIU or ACIU
- Functions: provides discrete firing outputs to all dual cartridge ejector devices

Advanced Missile Remote Interface Unit

P/N	NSN
16E10150-801	5998-01-322-7746
16E10150-3	5998-01-189-6233

- BLOCK 15 OCU and up
- Description: remote terminal of the SMS controlled by the ECIU or ACIU
- Functions: provides discrete and analog outputs to direct and release air to air weapons

Advanced Conventional Remote Interface Unit

P/N	NSN
16E10100-835	5945-01-238-6899
16E10100-831, -823, -815, -807	5945-01-170-9363
16E10100-803	5945-01-170-9363
16E10100-839	1290-01-463-3594

- BLOCK 25 and up
- Description: remote terminal of the SMS controlled by the ECIU or ACIU
- Functions: provides discrete and analog inputs and outputs to direct and release air to ground weapons
